DX INFORMATION

1700 AND COUNTING

It all began in May 1991. On 2 December 2024, 425 DX News marked its 1700th issue after over thirty-two years of providing uninterrupted service to the DX community. To all our readers across the globe: thank you, and best wishes for a very Happy New Year!

3B9 - Luca, IV3JVJ and Ivan, IK3ZAQ will be active as 3B9AT from Rodrigues Island (AF-017) between 27 December and 6 January. They will operate SSB, CW and FT8 on 80-10 metres. QSL via IV3JVJ and LoTW.

3W - Effective 1 December, 3W9T and XV9T are the new callsigns issued to Eddy Visser (ex 3W1T and XV1X). See <https://www.qrz.com/db/XV1X> for QSLing instructions.

3W - Look for 3W9IL (JF3PLF), 3W9LSV (JR3LSV), 3W9TXR (JH3TXR), 3W9YAQ (JA3YAQ), XV9HS (JA6FWJ) and XV9KL (JN3JBC) to be active holiday style from Hanoi, Vietnam between 21 and 30 December. They will operate SSB, CW, RTTY and FT8 on 80-6 metres. Check qrz.com for the QSL routes.

6O3 - Team 6O3T will be active from Somalia sometime in early 2024. Plans are to operate SSB, CW and digital modes for a couple of weeks, with a focus on the low bands and 6 metres. Details are expected in due course.

7P - The dates for the EI DX Group's DXpedition to Lesotho [425DXN 1689] are 19-30 March 2024. A large multi-national team will be active as 7P8EI on all bands and modes. QSL via M0OXO's OQRS. More information is expected in due course.

9A - 9A100RKZ is the special callsign celebrating the 100th anniversary since Radioklub Zagreb was founded (24 March 1924). Look for activity throughout 2024. QSL via 9A1ADE.

9N - Hoping for «some decent low band runs», Robert, 9N7AA has rented a bungalow over the winter period. It is located «at the edge of Kathmandu valley but much higher, with a clear shot from 270-90 degrees, and far enough not to suffer from the crazy man made noise I have in Kathmandu». He will be there on 8 December for two nights and then during «selected weekends» until the end of February. QSL via LoTW, or direct to S57DX.

A6 - A60ND is the special callsign for the Emirates Amateur Radio Society to celebrate the UAE National Day (2 December). QSL via EA7FTR. Also expected to take part in the celebrations are the Bahrain Amateur Radio Society as A91UAE (26 November-2 December), the Saudi Amateur Radio Society as HZ1UAE (26 November-2 December), the Kuwait Amateur Radio Society as 9K9UAE (30 November-6 December), and possibly the Royal Omani Amateur Radio Society as A43UAE.

A6 - Patrick, A65D says that «planning is underway for an IOTA activation of the UAE coastal islands [AS-021 and/or AS-124, Ed.] by a team of operators from the

Emirates Amateur Radio Society in December 2023 or January 2024». Operations are expected on most HF bands and on the QO-100 satellite, likely over two or three days. Details are expected in due course.

A9 - Members of the Bahrain Amateur Radio Society will be active as A91CD on 12-18 December. QSL via QSL via EC6DX and LoTW. Bahrain's Commemoration Day (17 December) honours Bahraini fallen servicemen in military, civil, and humanitarian fields.

A7 - A71QND is the special callsign for the Qatar Amateur Radio Society to celebrate Qatar National Day (18 December). Also taking part in the celebrations are the Bahrain Amateur Radio Society as A91QTR on 12-18 December, the Kuwait Amateur Radio Society as 9K9QATAR on 14- 20 December ,the Emirates Amateur Radio Society as A60QATAR on 18-22 December (individual operators may append a serial number to the special callsign, and be active as A60QATAR/0, A60QATAR/1, etc.).

CEOZ - After the unexpected death of their team leader, Marco Quijada (CE1EW) [425DXN 1698], a few of the remaining CB0ZA team members have resolved to proceed with the expedition to Robinson Crusoe Island (SA-005), Juan Fernandez. It is now their goal «to make his passion, expertise, and contributions to the team be forever remembered as the cornerstone of this - Marcos' last DXpedition project». Some changes have been made to the original plan: the new operation dates are 10-24 February 2024, the team now consists of seven experienced operators (AB5EB, AD5A, HI3R/NK4DX, N2IC, NP4G, W8HC and XQ3SK), and the new QSL manager is N2OO. Updates will be posted to <https://www.qrz.com/db/CB0ZA>, as with Marco's passing, the team is unable to access the CB0ZA website.

CY9 - The target date for the CY9C DXpedition to St. Paul Island (NA-094) [425DXN 1668] is now late August into early September 2024. The main island is controlled

by the Canadian Wildlife Service and is off-limits; the team will once again have a helicopter available to access the smaller Northeast Island as there is no dock or landing

area for a boat. This will be an all-mode all-band "tent and generator" DXpedition with nine operators (K4ZLE, K9CT, N2IEN, N2TU, W0GJ, W0PR, W4DKS, WA4DAN and WW2DX). Updates will be posted to <https://trexsoftware.com/cy9c/>.

D4 - Marcus, OE3MCS will be active as D44MCS from Sal Island (AF-086), Cape Verde on 11-22 December. He will operate SSB, CW and possibly FT8 and RTTY «holiday style from the beach» on 40-10 metres and maybe 6 metres. QSL via OE3MCS; he will upload his log to Club Log, LoTW and eQSL.

DL - Special callsigns DB100FK, DC100FK, DD100FK, DF100FK, DL100FK, DM100FK, DQ100FK and DR100FK - as well as DM100MW and DR100PE - will be active from 1 January to 31 May to celebrate the 100th anniversary since the formation of

the Deutsche Funk-Kartell (24 January 1924), a federation of clubs of radio enthusiasts during the early days of amateur radio in Germany. QSL «only digital» (via LoTW, eQSL, etc). An award will be available, see <https://100fk.de/> for information.

EA - Celebrating Christmas and the New Year, members of Radio Club Lliria (EA5RCL) will be active as EH5XMAS from 7 December to 7 January. QSL via the bureau to EA5RCL, LoTW and eQSL.

F - Michel, F8GGZ will be active as TM100GE on 22-31 December. QSL via the bureau. The special callsign memorializes the 100th anniversary since the death of Gustave Eiffel (27 December 1923), the French civil engineer best known for the world-famous Eiffel Tower, built for the 1889 Universal Exposition in Paris, and his contribution to building the Statue of Liberty in New York.

F - Jeff, F4IIQ will be active as TM130SMK on 5-9 January to commemorate the 130th anniversary since the birth of St. Maximilian Maria Kolbe. QSL via F4IIQ. Born on 8 January 1894, Father Kolbe (SP3RN) was killed on 14 August 1941 at Auschwitz.

F - Michel, F8GGZ will be active as TM700MP on 5-12 January for the 700th anniversary since the death of

Marco Polo, the Venetian merchant and explorer who travelled through Asia along the Silk Road (1271-1295) and gave to Europeans the first comprehensive look into China, Persia, India, Japan and other Asian

countries. QSL via home call.

3YOK: BOUVENT ISLAND 2025

Team 3YOK will be active from Bouvet Island (AN-002) in January 2025.

- All permits and contracts are in hand. In particular, a contract for 30 days around the island has been signed with a ship owner with proven experience in Arctic and Antarctic waters.
- Plans are for three operators (LA7GIA, WD5COV and DL8JJ) to stay on Bouvet for up to 21 days, assisted by a support crew of four people: «our landing plans have been optimized, and given our previous experience in landing we have a mature and realistic plan to go onshore that again will be a staged landing». This will be a lightweight DXpedition, but will still include

five stations for the local operators, some yagis and amplifiers.

- In addition to the on-site operators, there will be a remote team. AA7JV will design, test, and provide four remote radios that will be accessible via Starlink to any operator worldwide. The search for remote FT modes operators is underway. Candidates should have experience with DXpeditions, and preferably with remote operations. They should be willing to dedicate some of their time to remote operations, and be committed to operating like any other on-site operator as part of the Bouvet team. Remote operators are being sought from around the world in different time zones. They will be subject to a smaller operator fee. For more information, please send your experience and motivation to Ken, LA7GIA (kenneth@opskar.no).
- In addition to the main camp at Cape Fie, a «dedicated North America camp» will be set up on the top of a small hill 600 metres away. This area «offers low angle take off to NA and will make our signals much louder all over NA compared to previous time». The purpose is for «one operator to run multiple radios – one CW/SSB and one FT8 – and work NA on dedicated frequencies».
- The fundraising for 3YOK has started. The budget is USD 440,000, with 67% already secured; an additional USD 150,000 in support is needed, «which is significantly less than all previous DXpeditions to Bouvet».
- James Gallo, KB2FMH will be the Media Officer and WW Pilot; Charles Wilmott, M0OXO will once again fulfil his role as QSL Manager.
- Bookmark <https://www.facebook.com/groups/1787070508410564> and <https://3yok.com/> for updates and more information.

4W8X • The DXpedition shut down for good on 4 December at 04:59 UTC. As for Club Log and OQRS, «we tried our best to find all missing contacts», DL6FBL says. «If you still miss contacts with 4W8X, please use the contact form on our website (<http://www.timor-leste-dx.de/about/contact/contact.php>) to let us know. Despite our huge networking problems, please note that our callsign 4W8X has been pirated every now and then. Thus it might have happened that you didn't work us, but the pirate(s). However, if you once 'saw' your contact in Club Log, and later it had disappeared, of course we should know that and have a look again». As for EME contacts, «there is an issue between Club Log and LotW», and they are working on it.

CONTEST UNIVERSITY 2024 • Registration is now open for the 2024 Contest University (CTU), to be held on 16 May at the Hope Hotel near Dayton, Ohio. This is the day before the Dayton Hamvention officially opens. See <https://www.contestuniversity.com/> for the details.

CQ DX MARATHON • The CQ DX Marathon is a year-long DX hunt, with participants competing to see who can work the greatest number of countries ("entities") and CQ zones during the calendar year. The 2024 edition will start at 00:00 UTC on 1 January and will end at 23:59 UTC on 31 December. See <https://dxmarathon.com/rules/2024/> for the rules. Participants in the 2023 DX Marathon must send their entries by 5 January 2024, preferably using the new online submission tool.

CQ MAGAZINE • Reportedly, *CQ Amateur Radio* magazine has temporarily suspended publication. The latest issue sent out was the digital version of the October issue (Volume 79 Number 10). In a message circulated over the Internet, Richard Moseson (W2VU, Editor of *CQ Amateur Radio*) says that «everything is unfortunately on hold» until «the necessary funding to continue operations» is secured. The CQ Contests will continue to be run by the World Wide Radio Operators Foundation (WWROF). As for the DX Marathon, the Programme «will remain viable with or without CQ magazine», because it «does not receive any financial support from them, nor do we draw any resources to operate our program from them», Mark Wohlschlegel (WC3W) states.

EARLY ANNOUNCEMENT: PACIFIC TOUR • Hrane, YT1AD and a large team will be active from Fiji (3D2AD), Samoa (5W8A) and Tokelau between 7 February and 1 March 2024. Main activity will be as ZK3M (or maybe ZK3A, as in 2019) from Tokelau (OC-048) on 15-25 February. Current team members are YT1AD, K1LZ, K3JO (YT3WW), LU9ESD, R7KW, RC9O and his wife UA9OYL, VK3FY, YT3M, YU3AA. There are still openings for three or four more operators, contact Hrane if interested in joining the team. More information is expected in due course.

IOTA HONOUR ROLL & ANNUAL LISTINGS 2024 • The last date for submitting applications or score updates to checkpoints for inclusion in the 2024 Honour Roll and Annual Listings is 31 January 2024. If submitted after that date, they will be processed in the normal way, but the scores will be held over to the following year's listing. Where packages with cards are involved, these need to be posted/dated before 31 January. Participants who have not updated since the 2019 annual listings and wish to remain listed should make a submission on or before 31 January 2024. Those who have not logged into their record for more than two years, will need to revalidate their registration through info.iota-world.org. Do not leave it to the last moment as you may run out of time. [TNX G3KMA]

MARCONI CLUB'S QSO PARTY DAY • The 6th edition will be held on 6 January from 7 to 21 UTC, on 80, 40 and 20 metres CW. Complete rules can be found on <http://www.ariloano.it/marconiclus>. ARI Loano Marconi Club is a member of the International CW Council (<https://internationalcwcouncil.org/>) which «promotes and aids in the retention and growth of International Morse Code as a mode of communication between amateur radio operators». [TNX IK1QBT]

NCDXF NEWSLETTER • The Autumn 2023 issue of the Northern California DX Foundation's Newsletter is now available for download on the NCDXF website (<https://ncdx.org/pages/newsletter.html>). Highlights include *Crozet Island FT8WW. Amateur Radio in the Middle of Nowhere* by Thierry Mazel (F6CUK), VP6A. *RIB DXpedition to Ducie Island* by George Wallner (AA7JV) and *A Remote Operator's Perspective on VP6A* by Don Greenbaum (N1DG), as well as trip reports of VU7W (Lakshadweep, April and June 2023) by Yuris Petersons (YL2GM), CY0S (Sable Island, March 2023) by Jay Slough (K4ZLE), 3B7M (Saint Brandon Island, February-March 2023) by Lubo Martiska (OM5ZW) and TN8K (Republic of the Congo, January 2023).

PETER I ISLAND 2026 • Plans are underway for a DXpedition to Peter I Island (AN-004). «A proper Antarctic vessel» equipped with two helicopters has been secured, and plans are for 19 operators to stay on the island for 14 days in February 2026. LA7GIA will be the team leader, with KO8SCA, VE3LYC and WD5COV as co-leaders. A common website for the Bouvet 2025 and Peter I 2026 Projects is now up and running on <https://3y0k.com/>.

POSTAL RATES (DENMARK) • Effective 1 January 2024, Post Denmark will implement a major postage rate increase. The rate for letters up to 100 grams to all international destinations will be 50.00 Danish Kroner - that's more than 7 US dollars, so keep that in mind if you need to request a direct card from a Danish station.

QSL E51JAN • «Probably I will be out of Poland from January until May 2024», Janusz, SP9FIH says. «I will confirm direct OQRS requests received before Christmas, but those received later will wait until the end of May». Operating from Manihiki (OC-014), North Cook Islands, E51JAN made nearly 27,000 QSOs between 12 October and 7 November.

QSL V62P & V62S • Back home after being away for almost 40 days and seriously weakened physically (see <https://v6iota.weebly.com> for the various ordeals he suffered), Cezar's priority was to «recover first, get back on my feet». Then he had to digitise the logs (about 85% of the V62S log and the entire V62P log were on paper) and order the cards from Alfio (IT9EJW). Finally, the logs for V62S from Satalaw Atoll (OC-299, 13-22 November) and V62P from Puluwat Atoll (OC-155, 24-30 November) have been uploaded to Club Log, and the OQRS for both callsigns has been enabled.

Being unsure whether IOTA chasers can receive cards in time for the annual update deadline of 31 January, Cezar will upload to LoTW all contacts for which direct QSL requests are made. QSO matching toward IOTA credit for these QSOs will be enabled on or around 8 January. See <https://v6iota.weebly.com/logs--qsl.html> for his detailed QSLing policy.

UNDERSTANDING OQRS • QSL Managers Charles Wilmott M0OXO and Tim Beaumont M0URX have posted on their websites an article to help understand some changes that both have made on their Online QSL Request System:
<https://www.m0oxo.com/2023/11/27/understanding-oqrs/>

USI 30TH ANNIVERSARY AWARD • Formed in 1994, the United States Islands Awards Program (USI) covers islands – located in lakes, rivers and along the coastal shore line – that are within the fifty states of the United States, and the U.S Territories and Protectorates. To celebrate the programme's 30th anniversary, USI is offering a special award for both chasers and activators running from 1 January to 31 December 2024. Detailed information can be found on <https://usislands.org/30th-award/>.

YOTA CONTEST 2023 • The third session of this year's YOTA Contest, organized by the IARU R1 Youth Working Group in cooperation with the Hungarian Amateur Radio Society (MRASZ), will take place on 30 December (1200-2359 UTC) on the five classic bands CW and SSB. Everyone can work everyone. The complete rules can be found on <https://ham-yota.com/contest>.

YOUTH ON THE AIR SUMMER CAMP • The fourth Youth on the Air (YOTA) summer camp for young radio amateurs from the Americas will be held on 7-12 July 2024 at Mount Saint Vincent University in Halifax, Nova Scotia. Online applications are being accepted now at <https://youthonthair.org/halifax2024/> through 31 May. Applicants must be licensed amateur radio operators aged 15-25 and residing in North, Central, or South America.

Alain Claverie, FO5RH (F2HE, ex FO0CLA) passed away on 3 December in Tahiti. Born in 1935, over the years he was active from French Polynesia as well as from the Marquesas and the Austral Islands, and had been a resident on Tatakoto Atoll (OC-298) since 2004. A life member of the Clipperton DX Club, in 2010 he was awarded the CDXC Medal of Merit.
